## **SAFETY POLICY STATEMENT**

Stebercraft is committed to providing a safe and healthy work environment for all employees, contractors and visitors. It is the policy of Steber International to make every reasonable effort to prevent accidents, protect employees from injury, and promote the health, safety and the welfare of all employees, contractors and visitors.

Stebercraft is committed to consulting employees with regards to all aspects of Occupational Health and Safety; this includes the development, implementation and review of policies and procedures.

All employees are to be involved in all areas of safety management, including contribution to the identification, assessment and control of hazards, adherence to the safety rules, working in a responsible and efficient manner and observance of safety signs, barricades and operating procedures.

Stebercraft is committed to taking all reasonable care to identify foreseeable hazards (risk assessments) that may pose a risk to employees or has the potential to cause harm to property.
