

STEBER INTERNATIONAL

STEBERCRAFT PTY. LTD.

ABN 99 000 522 163

ENVIRONMENTAL POLICY STATEMENT

Stebercraft recognises the importance of environmental conservation and protecting the natural environment and employees' health by complying with relevant legislation and meeting community expectations.

Stebercraft is committed to:

- Ensuring all work practices comply with applicable legislation and regulations.
- Applying a management approach to environmental protection, including appropriate training for employees, with the objective of continual improvement.
- Endeavouring to utilise resources, assets and raw materials in a responsible manner, conserving energy, minimising waste and recycling where applicable.
- Communicating with our employees, customers and suppliers to promote environmental sustainability and maintaining a reputation within our community as a responsible business committed to environmental protection.
- Having an emergency response plan in the event of any major incident.
- Maintaining a documented reporting system to identify and implement corrective and preventative actions to continually improve environmental conservation.
